

EMAIL - ATTENTION OF THE FRAUD OFFICE

Dear Holly: Kiff Net 6563898002702 (NOT PROTECTIVELY MARKED - INTELLIGENCE) 5th APRIL 2017

Correction-My name is not by title Mr Clarke therefore **NOT LOST AT SEA!**

My name is of the land under common law .. **mike: clarke**

This crime is reported **under common law** and should not be investigated by 'any' corporate masonic controlled persons.

I am already seeing in your response the start of what can only be termed as misconduct or malfeasance in a manner to obfuscate, delay or deny, any sort of investigation which by any other stretch of ones imagination is the beginnings of a masonic cover up that being the 'essence of the CITY OF LONDON!'

It is my considered belief that the city of LONDON is seperated from the United Kingdom and I am aware of MASONIC matters in that connection, that, many others may not be.

I have informed you in a 2 page document of the basic allegations of fraud causing TERRORISM upon the claimants, that are based in this link & also attached <http://opg.me/CLAIMterrorismbyFRAUD26032017.pdf>

1. **can you please confirm that you have read it?** Having done so, as I have too again, it clearly mentions 2 cases in the system of 2MA90015 & court of protection 10370284.
2. There are 4 allegations of fraud & terrorism to mention but a few others listed, quite clearly and I don't understand what it is that you don't understand? Please pray tell?
3. SECTION 2 of the fraud act – Correct me if I am wrong says that any false representation is a FRAUD so if a so called 'JUDGE' represents my mother when she already has an executor by her living will - <http://opg.me/will20082012.pdf> linked here or attached – is it, or is it NOT, FRAUD? My understanding is that under the wills act of 1837 and if included as is the case here a part 24 contrary intention, that, any future claim of incapacity will invoke this will whilst **ann: is alive..** and its **executor** that when last checked holds the highest office in the land! **ANY other representation** or action is a fraud upon **ann:** and me **mike:** as is the case here! Do correct me if am wrong, you are the fraud specialist? There are a minimum of 2 other frauds stated by false representation that being by emigration to another country of 10 years failing to come under UK jurisdiction and further the trespass onto intellectual property rights of OWN NAME by non-disclosure leading to the infliction of terrorism by the forcing upon a being statute regulation that fails to have protection safeguards from predatory, **masonic guardians!**
4. SECTION 3 of the fraud act – **CONCEALMENT of DOCUMENTS** – Are the courts and the judiciary above the law? Are they above section 3 of the fraud act?? The concealment of documents has been based on ann's: protection to privacy when ann: holds a judicially authorised invoked living will executor whom takes ALL decisions on privacy matters that I might suggest are only protecting masonic criminals in the court of protection? We are are we not ALL EQUAL UNDER THE LAW or is it just a fact, that any statute act carries NO SUCH PROTECTION as it is NOT LAW it is only ACTS acts that ann no longer comes under! The 2 tire system of 'so called' justice has become a clear cut masonic bar controlled fraud! These fraudsters are in flagrant violation of the fraud act section 3 concealing such documents as ann's accounts in detailed forensic manner to demonstrate transparency and accountability that we know they cannot do because of thefts fraud and mal administration leading to persecution resembling international terrorism and stalking by UK. Now surely you as the reported authority to investigate frauds can see that to conceal documents without valid lawful reason IS A FRAUD! Such documents referred to are **a/** the court of protection detailed accounts for ann: 10370284 **b/** the computerised printed case management files in relation to 2MA90015 14.1.2013 under section 5.4(2) of CPR **c/** the investigation report in its full content into the

[deputy solicitor hugh jones 2010 d/ the harbin v masterman enquiry by official solicitor alastair pitblado concealed by peter jackson 'judge' March 2017](#)

5. Section 4 of the act and Abuse of Position there are several judges whom have abused their positions breaching public principles of public life... and in this case we name the upmost of all being the aforementioned in the fraud report of peter jackson and philip pelling whom are judging in their own cause to their own benefit committing an act of abuse of position which correctly is labelled under section 4 of the fraud act or are THEY ABOVE IT?? Specific reference to 14.1.2013 case 2MA90015 Pelling was a NOMINATED court of protection Judge that should have recused himself when the overall allegations were coming from me where about the court of protection showing BIAS CONFLICT! Peter Jackson made countless judgements against mum ann and me mike that no longer resided in the UK and or stood on the content of the living will .. he continued his ABUSE of POSITION.
6. I have clearly outlined the fraud and abuse of intellectual property rights of my LEGAL NAME that is being used to terrorise the claimants.
7. I have provided you with our website address holding ALL documented proofs of this fraud going wayback to 1998 of www.opg.me **HAVE YOU READ IT??**

Further to the above I am going to attach and link here a 5 page outline of whats gone on which also was submitted to the house of lords - <http://opg.me/5pageoverview.pdf>

Further I am going to make a submission that this court of protection did not exist in 2001 and that it's processes in 2001 were a complete FRAUD from start to finish!!

My mother holds 4 specialist doctors reports showing her utter and complete capacity and further commented that she should not be under any protective court – FRAUD!

From the masonic angle I would like to point out the misgivings of HILLSBOROUGH and that I believe you are attempting a cover up of similar proportions and with this in mind it must be noted that my suspicions are of this view and as such is being published accordingly.

THE frauds hereby reported are of huge magnitude that can only be properly looked into by NON-MASONIC staff that will take the matters serious alongside a multitude of others that we can add to it, that can be included... our case is not isolated.. it's the tip of the ICEBURG!

Good Morning Mr Clarke,

I'm currently reviewing your Action Fraud report NFRC170301793603. You have stated that you have lost £200,000 as a result of fraud and the suspects names but haven't given any information regarding how the fraud occurred or what has actually happened.

Can you please provide me with a summary of how the suspects have defrauded you as without this I will be unable to progress your complaint.

Regards, **Holly Kiff** National Fraud Intelligence Bureau (NFIB)
