Dear Partner

After the recent confirmation of the VOID injunction order on the basis the administrator DAVID FOSKETT whom acted unlawfully & illegally as a 'Judge' without my consent in a tribunal hearing in the HIGH COURT where due process was requested in the form of a Jury court and refused & where the HIGH COURT tribunal has no claim over me the human man without my consent in which the court administrator knows and so do I and where the court administrator cannot prove otherwise.

Where the current on-going saga of the inter related cases of my mother's Court of Protection case 10370284 and case 2MA90015 against the legal fiction carer MICHAEL CLARKE is laced with court bias, probably based around Fabien/Masonic connections and corruption in the failings of due process to give fair and impartial hearings under article 6 and where full disclosure has been denied & where representation has been repressed by HUGH JONES, it is the reasoning behind the seeking of remedy by way of lawful redress in a commercial lien, under common law and the bills of exchange act, that which, has been perfected against all partners.

I have again peacefully raised the issue of our common law claim against all you partners to try, yet again to obtain resolution by negotiation, refused by your partner, a co-conspirator to lies and deceit in his own statements to court, PAUL JONSON.

I hereby request current up to date private addresses and dates of birth of all current partners and directors of PANNONE to proceed to apply private prosecution cases on each person on the above allegations.

Such information we will expect by return under the circumstances, as the current situation at 4pm today your head of resolutions & his failing to enter into negotiation, we will wait no longer to press these criminal allegations against all, as listed above.

Any attempt to arrest or imprison the human being Mike of the family Clarke under false contempt of court charges, without a warrant that is equipped with a name, a signature, a stamped seal and addressed to the human being not the legal fiction, resulting in unlawful arrest allegations to be laid at the police with subsequent charges, will not stop the PRIVATE CRIMINAL PROSECUTIONS to PANNONE PARTNERS & will add additional dire consequences for all.

Yours faithfully

A handwritten signature in blue ink that reads "MR Clarke A. Clarke." The signature is written in a cursive, slightly slanted style.
