

FAO TRIBUNAL ADMINISTRATOR JACKSON  
13.12.2012

Dear Sir

I attach pdf documents to print.  
If any problems occur with printing attachments we refer you to THE links below on our website.

After receiving a further letter from the court of appeals deputy master BANCROFT-RIMMER today refusing to accept the appeal application based on rule 89 court of protection rules ie; Where an unattended hearing can be asked for reconsideration.. BUT your sealed refusal to appeal arrived on the 17th November 2012

I firstly wish to point out that as you know by a previous letter to you on your request for if we would like to attend and that my reply stated that unless a constitutional court of common law was formed in the name of court de jure ie jury court as is always been our stance we saw no point in attending a hearing we do not consent to the authority of on the basis that ;

BIAS shown, possibly MASONIC, obviously in previous directions where they also where refused consent

DENIAL OF DUE PROCESS

BREACH OF ARTICLE 6 entitlement to fair and impartial hearing where "the bar" is judging "the bar"  
FULL DISCLOSURE refused by you! & thus..

FAILURE TO HAVE JURISDICTION

Such a failure to have jurisdiction enables us to claim VOID orders as we have in both linked cases of;  
10370284 ANN CLARKE & CARER SON EXECUTOR & REPRESENTATIVE 2MA90015 FRAUDULENT HARASSMENT

We would appear to be at an impasse as you state you cannot provide a common law court, a jury court, and we do not wish to be further abused by the injustice on offer which you seem to imply is only an hearing tribunal CONDUCTED by you in which you seem to be reserving for your personal self in which without our consent you fail to have jurisdiction.

In view of all this can you advise if we fill in a cop 9 request for reconsideration can you tell me how we get a balanced fair and impartial hearing or on what basis it can proceed??
