Ref Commercial Lien – Statutory Declaration – VOID order by Administrator Foskitt

So-called 'Judge' Foskitt should not be referred to as a Judge... he is acting in the capacity of a court administrator... and his judgments are only valid if he acts with the consent of both parties.

I have made it plain that I do not consent to judgments by any member of the judiciary acting on his/her own... and that I will accept only judgments made in accordance with the law...
i.e. a common law court and a jury.

I had already sent to the court a refusal of consent on this matter but it was ignored.

I have submitted a statutory declaration stating it was illegal and unlawful and did not show any consent in any way.

The so-called 'order' **is void**... because it represents a denial of due process of law... and of suspected bias... the Judge being a member of the legal profession... as are Pannones.
Also - I suspect Masonic skulduggery... and I ask for the court administrator to confirm in writing that he is or isn't a Mason - I ask Pannones if any of their partners are of the Masonic Brotherhood - who swears allegiance to each other - and not to the delivery of justice.

I ask also... by what authority the administrator sits in judgment... when not under his oath of office.

I ask also if he is representing the Queen... if so, how can that be if the Queen is no longer sovereign.

I ask how the administrator can sit without a jury... & by what authority does he claim to be able to do so... SHOW ME THE LAW IN RELATION TO THIS!

To educate Pannone's I also state that Magna Carta provides that **'no man shall be imprisoned without judgment of his peers,** in accordance with the law' - and if Court Administrator, 'Foskitt' does so - I will be taking out a private criminal prosecution against him... for perverting the course of justice, kidnap, unlawful imprisonment and I will be seeking compensation of **£1,000,000.**

I want to settle this matter by resolution but your head of resolution just keeps on issuing threats!!

We intend to publish the debt in failing to negotiate by resolution.
