Executor of FICTION 'ENTITY' - MICHAEL RAYMOND CLARKE date of birth 2.3.1959 - N.I. WE254388C,

I **Mike:** of the house of CLARKE, hereinafter known' **Mike: Clarke**, sovereign being in possession of a sovereign spirit, a living soul do hereby make oath and state the following is My Truth and My Will

[010] Whereas it is my understanding that in terms of earthly existence there is no species more supreme than a living, breathing, imaginative being blessed with a living soul, and

[20] Whereas it is my understanding that it is impossible to distinguish one soul from any other, and therefore all souls must at all times in all situations be considered equal in all respects in any fair, just and reasonable context, and

[30] Whereas it is my understanding that anything and everything must in practice derive from the aforesaid axioms, and

[40] Whereas it is my understanding that any numerical grouping of such souls can be referred to as 'people', and

[50] Whereas it is my understanding that a society is, in essence, nothing more than a grouping of like-minded people since it is defended as a number of people joined by mutual consent to deliberate, determine and act for a common goal, and

[60] Whereas it is my understanding a statute is defined as a legislated rule of a society, and

[70] Whereas it is my understanding a legislated rule of a society can be given the force of law to act upon, or lawfully bind, all members of that society, and

[80] Where it is my understanding if a sovereign being chooses by free will not to be a member of a society then statutes created by said society do not bind that soul to said statute law, and

[90] Whereas it is my understanding a sovereign who chooses by free will not to be a member of any society can be referred to as a living being, and

[100] Whereas it is my understanding a living being remains entirely and solely under Common Laws of the land jurisdiction, and

[110] Whereas I **Mike: Clarke** am a living soul being, and

[120] Whereas it is my understanding that all authority possessed by elected representatives must inherently derive from those who elect said representation, and

[130] Whereas it is my understanding that if I have the right to empower representation by casting a vote then I am empowered to represent myself, and

[140] Whereas it is my understanding that the right of empowerment does not derive from any government otherwise it would be possible for a government to revoke it, and

[150] Whereas it is my understanding that if the right to empower representation were revoked then no representation would thereafter be possible,

[160] Whereas it is my understanding the only form of government recognized as lawful in the United Kingdom is a representative one, and

[170] Whereas it is my understanding representation requires mutual consent, and

[180] Whereas it is my understanding that in the absence of mutual consent neither representation nor governance can exist, and

[190] Whereas it is my understanding the United Kingdom is a Common Law jurisdiction enjoying the protection of Common Law, and

[200] Whereas it is my understanding equality before the law is paramount and mandatory, and

[210] Whereas it is my understanding that for something to exist legally it must have a name, and

[220] Whereas it is my understanding that the Her Majesties Government L.T.D is in reality a corporation in Chapter 11 bankruptcy and thus still allowed to trade, and

[230] Whereas it is my understanding all Acts are statutes restricted in scope and applicability by the British Constitution and Common Law, and

[240] Whereas it is my understanding a statute being defined as a legislated rule of a society is, within the United Kingdom, in fact a rule of Her Majesties Government L.T.D. CORPORATION, and

[250] Whereas it is my understanding rules of a corporation are limited in applicability to those who are agents of said corporation, and

[260] Whereas it is my understanding those who have a National Insurance Number are in fact employees of the government and thus are bound by the statutes created by said government, and

[270] Whereas it is my understanding people in the United Kingdom have a right to revoke or deny consent to be represented and thus governed, and

[280] Whereas it is my understanding if anyone does revoke or deny consent they exist free of government control and statutory restraints, and

[290] Whereas it is my understanding that a claim of right established a lawful excuse, and

[300] Whereas it is my understanding that if one has lawful excuse one may choose to not obey a court, tribunal, statute, Act or order, and

[310] Whereas a living being lawfully revoked consent and does exist free of statutory restrictions. Obligations, and limitations, and

[320] Whereas it is my understanding that I, Mike:clarke as a living being, acting peacefully within community standards, would not in that capacity breach the peace, and

[330] Whereas it is my understanding that all existing courts and governments are de facto only and not de jure, and

[340] Whereas it is my understanding that a woman acting as Elizabeth Alexandra Mary Windsor did take the throne of England on Second Day of June, Nineteen Hundred and Fifty-Three, and

[350] Whereas it is my understanding that during a Coronation ceremony said woman acting as Elizabeth Alexandra Mary Windsor was asked by a man acting in the role of then Archbishop of Canterbury "Will you solemnly promise and aware to govern the peoples of the United Kingdom of Great Brittan and Northern Ireland, Canada, Australia, New Zeeland, the Union of South Africa, Pakistan, and Ceylon, and of your possessions and the other territories to any of them belonging or pertaining, according to their respective laws and custom?" and she responded "I solemnly promise so to do", and

[360] Whereas it is my understanding that this ceremony did install said woman as Queen of England and the United Kingdom, and

[370] Whereas it is my understanding that on or after the Seventeenth Day of October Nineteen Hundred and Seventy-Two said woman did sign into statue act of Parliament known as the European Communities Act of Nineteen Hundred and Seventy-Two (ECA1972) which accepted without my consent a treaty known as the Treaty of Rome, and

[380] Whereas it is my understanding that the terms of the Treaty of Rome are counter in many respects to the "respective laws and customs" of those nations of which said woman is Queen including England, and

[390] Whereas it is my understanding that anyone who participates in allowing or by culpable neglect enabling my country to be governed in any way by foreign powered is an act of treason as defined by the British Constitution, and

[400] Whereas it is my understanding, therefore, that by signing of the ECA1972 as opposed to dissolving by Royal Prerogative the Parliament that created the treacherous Act was in itself by collusion an attempted act of treason against my country, and

[410] Whereas it is my understanding that as a sovereign being in this common law jurisdiction that I have the duty to stand in defence of the United Kingdom and its people against foreign armed troops who attempt to invade, govern or police me or my country, and

[420] Whereas it is my understanding that this duty is not affected by agreements made by treasonous and de facto government agents, and

[430] Whereas it is my understanding that agreements made on behalf of the United Kingdom by traitors to the United Kingdom do not bind the people of United Kingdom, and

[440] Whereas I do firmly and truly know the aforementioned agreement is an overt act of treason, and

[450] Whereas I honourably refuse to be bound by agreements made by traitors such as said Elizabeth Alexandra Mary Windsor in collusion with the then Prime Minister Edward Heath, and

[460] Whereas it is my understanding that any peace officers who co-operates with foreign troops to govern or regulate the population is also committing treason, and

[470] Whereas it is my understanding that historically the purpose of a national armed force was to ensure that foreign powers never invaded and governed under a gun, and

[480] Whereas it is my understanding that the existence of armed foreign troops patrolling and policing our streets would be evidence of a war fought unsuccessfully, and

[490] Whereas it is my understanding that agreeing or conspiring to agree to allow armed foreign troops to patrol and police our streets is an act of treason, and

[500] Whereas it is my understanding that any action for which one can apply for and receive a licence must itself be a fundamentally lawful action, and

[510] Whereas as I not a child but a living being who operates with full responsibility and I do not see the need to ask permission to engage in lawful and peaceful activities, especially from those who claim limited liability, and

[520] Whereas it is my understanding that I have a right to use my property without having to pay for the use or enjoyment of it, and

[530] Whereas it is my understanding that all 'public transport' is in fact and actuality public property to which I have the right of use and access without having to pay, and

[540] Whereas it is my understanding peace constables have a duty to distinguish between statutes and law and those who attempt to enforce statutes against a sovereign are in fact breaking the law, and

[550] Whereas it is my understanding that I have the power to refuse intercourse or interaction with peace officers who have not observed me breach the peace or have reason to believe I may have information on someone who has breached the peace, and

[560] Whereas it is my understanding that permanent estoppels by acquiescence barring any peace officer or prosecutor from bringing charges against a sovereign under any Act is created if this claim is not responded to in the stated fashion and time, and

[570] Whereas it is my understanding that the common law right to travel on the highways without licence provided one is not engaging in commerce thereupon is lawful and still exists although it does appear to have been deceptively hidden, and

[580] Whereas Road Traffic Acts of the United Kingdom do make it possible for peace officers in the roll of policy enforcement officers to stop a vehicle in order to provide services and demand something of value, and

[590] Whereas it is my understanding that if they are not providing a service they have no reason to stop any one and if proof of registration, insurance is not valuable they have no need to ask for it, and

[600] Whereas it is my understanding that I have the right to refuse to interact or co-operate with criminals, de facto government agents or grossly negligent peace officers, and

[610] Whereas it is my understanding that if I have power to elect a representative and empower them to appoint peace officer then I also have the power to appoint directly, and

[620] Whereas it is my understanding that if I have the power to appoint directly or by proxy I must have the power to fulfil those duties myself, and

[630] Whereas it is my understanding that the Her Majesties Government Police Force although having an illustrious history has had members recently acting in a grossly criminal manner which does tarnish the previous history and record, and

[640] Whereas it is my understanding that the law provides remedy at all times, even against rogue or negligent peace officers and de facto governments apparently hijacked by soulless corporate interests, and

[650] Whereas it is my understanding that in order to be a peace maker and deal with foreign and possibly armed police officers who fail to act with respect to the code of Common Law I will need use of and access to firearms of equal or greater power than those people who act criminally have access to, and

[660] Whereas it is my understanding that the act of registering the birth of a baby creates a legal entity called a person that exists in association with that baby and that the manner in which offspring are registered transfers superior guardianship rights over that offspring to the government, and

[670] Whereas it is my understanding that this creation of a person and transfer of authority is not fully disclosed to the parents (like mine) and if it was all good parents would refuse to register their offspring, and

[680] Whereas it is my understanding that the person and the human being to which it is associated are two very separate and different things and that the people playing roles in government only have the right to act upon the person, and

[690] Whereas it is my understanding that if I do not exist in association with a person I cannot be lawfully governed by the people plating roles in government, and

[700] Whereas it is my understanding a by-law is defined as a rule of a corporation, and

[710] Whereas it is my understanding corporations are legal fictions and require contracts in order to claim authority over other parties, and

[720] Whereas it is my understanding that a summons is merely an invitation to attend and those issued by the Ministry of justice or its franchises which are de facto corporations create no obligation or dishonour if ignored, and

[730] Whereas it is my understanding legal fictions lack a soul and cannot exert any control over those who are thus blessed and operate with respect to that knowledge as only a fool would allow soulless fiction to dictate one's actions, and

[740] Whereas it is my understanding that the people in the government are merely playing roles, and

[750] Whereas I AM NOT PLAYING, and

[760] Whereas it is my understanding that I am not obliged to obey the orders of any once claiming to be a Queen or King or those acting on behalf of such an insane entity, as no one who does make preposterous claims that abandon and erode the concept of equality has any authority over me, and

[770] Whereas it is my understanding that I can use a Notary Public to perform duties found under any Act including thus they have the power to hold a court and hear evidence and issues binding lawful judgments, and

[780] Whereas it is my understanding that a Notary Public can also be used to bring criminal charges to bear against traitors, even if they hold the highest office, and

[790] Whereas it is my understanding that there may be more of this to follow

[800] Therefore be it now known to any and all interested, concerned or affected parties, that I, **Mike: Clarke** a sovereign being do hereby serve notice and state clearly specifically and unequivocally my intent to peacefully exist free of all statutory obligation, restrictions and that I maintain all rights at law to trade, exchange or barter and exist without deceptive governance and to do so without limitations, restrictions or regulations created by others and without my consent.

[810] Be it also now known to any and all interested, concerned or affected parties, that I **Mike: Clarke** a sovereign being do hereby serve notice and state clearly specifically and unequivocally that I would never conspire nor would I in any way entreat others to disobey the Common Law of the land which ensures peaceful co-existent
