20. **FRAUD is rampant** and by **action fraud london** identifying it you have failed to act. **WHY?**

I now formally expose something which may identify why fraud is not being investigated by Lancashire POLICE.

Part of the secret is that what is supposed to be your 'government' is actually a privately owned, for-profit company and all that you do when voting, is help choose the serving officers inside that company. It will never make the slightest difference to what happens in the future as the company policy and actions are controlled by the owners of the company and they are not influenced in any way whatsoever by what you want. Think this is far fetched? Then check it out via Dun & Bradstreet or any of the other places which records the setting up and performance of the 160,000,000 commercial companies world-wide. When you do that, you will discover that, for example, the House of Commons is a commercial for-profit company (number UC2279443), The Labour Party is a commercial company which trades under the name of "Allister Darling MP", The House of Lords which is the highest court in the land is a private company, the United Kingdom Corporation Ltd. formerly known as the "United Kingdom plc" and which never complied with the law which requires it to file

it's financial records, is also a private company. The Ministry of Justice D-U-N-S Number 22-549-8526, Directors: Lord Falconer of Thoroton is a private company set up in the year 1600. The Bank of England is a private company, as is every Court and every Police Force and even the Secretary of State for Trade and Industry is a company and not a person.

It gets even more ridiculous when you discover that The Devon and Cornwall Police is a company which has been taken over by a company owned by IBM which is paid an annual budget of £256,800,000 taken from members of the public. Gilbert and Sullivan would have loved this reality as a script for one of their comedies.

Lancashire County Council was incorporated as a company (IP00666C) in 2002. It's registered office was "3rd Floor, Christ Church Precinct, County Hall, Preston" and it was completely dissolved on 25th January 2008 and all of it's Assets and Liabilities were transferred on 12th November 2007 to another company - "The Blues and Twos Credit Union Ltd." whose registered address is **Lancashire Police Headquarters, PO Box 77, Hutton, Preston.** [The very business to which I am reporting corporate FRAUD on the COURT to, by the DOG-LATIN deception of legal-ease or by any other name the crimes of PERSONAGE & BARRATRY upon living man,] whom are just referring me back to the bent BAR ASSOCIATION! wow!

Do you by any chance get the feeling that you are being taken for a ride here? Just in case you are not aware of it, the purpose of any commercial 'for-profit' company or corporation is to make money for it's owners (and shareholders if there are any).

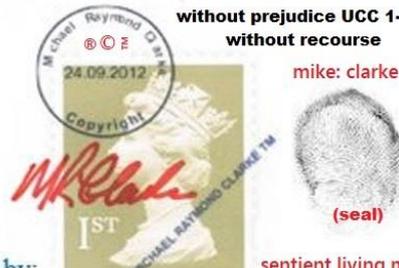

Having now reported the crime of Faud on the court once more via personage and barratry ID theft I expect a course of action failing which I shall proceed with matters being moved to a higher authority.

I find it ironic to consider that the implication of fraud exists in the Lancashire Council going bust only to see the assets transferred to **the Lancashire Police** which sort of implies they are condoning FRAUD and are therefore unfit for purpose to investigate FRAUD which I might add has been ratified by ACTION FRAUD in LONDON!

The mind just boggles at times to the level of criminality going on at the top.
