Ref COMMERCIAL LIEN CLAIM of £9 million

**NOTICE TO AGENT IS NOTICE TO PRINCIPAL AND NOTICE TO PRINCIPAL IS NOTICE TO AGENT**

I write with reference to the perfected claim under common law that I hold against you & YOUR COMPANY.

You are now no doubt aware that I have no intention of taking the route of PURGE a contempt that never existed in the first place.

Under the terms of your insurance it is understood that you are required to notify the insurance of any such '**circumstance**' that surrounds any such claim against you and I believe you have **not** informed your insurance accordingly.

It is also understood that the terms of your policy require that on request details of your insurers will be provided, and I hereby request the details of your insurers to be provided BY RETURN EMAIL within the next 7 days.

It is believed that if you have failed to inform your insurance of any circumstance leading to a claim against you, that, you are in breach of the terms of your indemnity on any such policy, and therefore, operating your business whilst **uninsured**.

You are aware of the statutory declarations made to the courts showing lawful proof of VOID ORDERS in the use of statute courts and their failure to provide under common law requests, JURY COURTS, leaving their judgements without jurisdiction & therefore VOID.

I am open to negotiate a resolution to rescind the LIEN against you.  
I require financial compensation and an application to recind the committal against the LEGAL FICTION, MICHAEL CLARKE.

You are aware of my legal fictions effective imprisonment albeit in a foreign country without freedom of movement due to an unlawful committal order and as such, without movement to act to resolve these matters, I intend to file upon all named in the first LIEN, a further monthly LIEN of £1 million pounds per person.

We are looking into the case that the Judge, Pelling, is also not indemnified which will also open him up for a personal claim... which we have established within an additional claim against him.

*MR Clarke A. Clarke.*
