Dear Sirs

We write as one, in connection with the above investigation that has been suspended.  
We ask for an urgent review of that decision.

I Michael Clarke am not only my mother's personal representative but also her 'living will' executor where we still are experiencing problems of continued views of incapacity which we refute with vigour.

We do not require any other representation or advocate on this matter and there is more and more evidence coming to light about the neglectful handling of mothers affairs by her deputy and not fit for purpose failures of The Office of the Public Guardian & The Court of Protection.

Our MP gave his backing to this process and we began to feel confident a result would be forthcoming.

The current decision if after a review proves futile can you please advise who, by name or names, is or has taken such decisions referred to by Alice as Senior Directors. Please can you confirm in writing the outcome with the names of person involved.

We are being blocked from every angle on this investigation demonstrating to us corruption going right to the very top. We trust this matter will be reviewed seriously and hopefully conducted to a conclusion of satisfactory results.

Kind regards,

Mike Clarke.

Ann Clarke.
